DD/S

28 June 1963

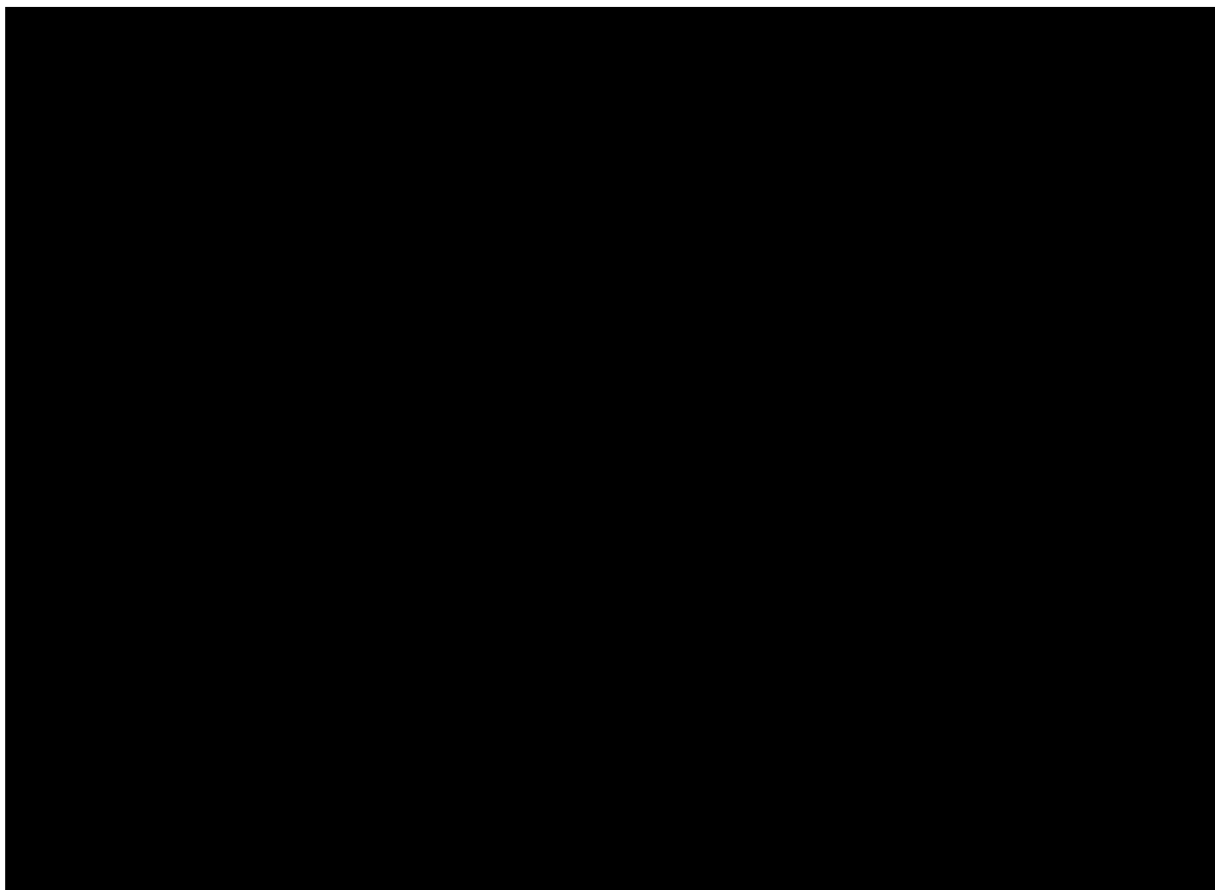

1. At the Executive Committee Meeting:

a. Mr. Kirkpatrick advised the Director that the Agency's response on contributions to the National Cultural Center had been very poor. While the Director did not respond, I agreed later with Emmett Echols that he should draft an appropriate notice for the Director to sign extending the campaign for two weeks.

b. The Director said that he wanted to discuss TAGBOARD with General Carter soon. As a result of conversations which the Director recently had, he felt strongly that we must control all of the contracting with [REDACTED] and we must also control the security.

3. [redacted] advised me that very careful consideration has been given to both the IBM and Itek proposals to produce a stenowriter for the Agency. It has been concluded that we should lease the stenowriter from IBM. We will want to buy about thirteen modified flexowriters costing approximately \$50,000 with Fiscal Year 1963 money; the money to pay for the lease would come from Fiscal Year 1965 funds. I told Joe that this had my full support and that he should go ahead with the Office of Logistics and try to obligate the \$50,000.
